

Open your hearts...

Help ECHO support heart-children and their families.

Each year the Evelina Children's Hospital, within Guy's & St. Thomas' NHS Foundation Trust, treats hundreds of children born with serious cardiac disorders. The majority of these children will undergo risky, life-saving, open-heart surgery, and many of them will need further treatment, life-long follow-up and regular medication to help them survive into adulthood and beyond.

ECHO helps them by providing a telephone support network, regular newsletters, events and social gatherings, a website, pre-natal support and much, much more. We make sure we are always there for them in their hour of need.

Please, open your hearts, dig deep and help us to carry on supporting families who need us so much!

Please send donations to:

ECHO P.O. Box 5015, Brighton BN50 9JR
