

RUN THE adidas WOMEN'S 5K CHALLENGE FOR

Evelina Children's
Heart Organisation

Every year, over 5000 children are born in the UK with a heart condition. Many of them will need life-saving surgery shortly after birth, as well as life-long medication and hospital check ups and the prospect of further surgery and treatment as they grow.

ECHO was formed over 25 years ago to support the hundreds of children with heart conditions who are treated at the Evelina Children's Hospital, and their families. We offer invaluable help and friendship to parents and carers whose lives have been devastated by their child's illness, through telephone support and advice lines, a website, information DVD, specialised ante-natal classes, social events and outings and much, much more...**RUN THE adidas WOMEN'S 5K CHALLENGE FOR ECHO**...and help us to continue supporting these special children and their families.

For a runner's pack, please contact:

Jessica Cattermole on 01273 248948 or e-mail admin@echo-evelina.org.uk

Evelina Children's
Heart Organisation

Support for families of heart-children treated at The Evelina Children's Hospital
